

問題 1 (小論文)

- (1) あなたが専門とする領域で、先行研究に位置づけられる「表現」をひとつあげ、専門知識を持たない第三者が理解できるように説明しなさい。説明に際して表現が「装置」としてどのような意味を持つかに留意しなさい。ここで言う「装置」とは、哲学者ミシェル・フーコー（1926～84年）の用語で、実体的な機構ではなく、さまざまな要素から形成された社会的なネットワークを指します。
- (2) (1)であげた表現を参照し、新たな表現を提案しなさい。

Question 1 (short essay)

- (1) Give an example of a "work" from the prior research conducted in your field of specialization. Describe this work so that a third party without any specialized knowledge can understand it. In your description, address what significance this work has as an "apparatus." What is here called "apparatus" is a term coined by philosopher Michel Foucault (1926 – 84). It refers to a social network composed of various conceptual mechanisms.
- (2) Using the work you described in part (1) as a reference, propose a new work.

問題 2 （理工系の理論的思考能力を試す課題）

人工知能の可能性と課題については様々な意見があります。次の記事を読み、それぞれの意見について要約を述べた上で自分自身の見解について論じなさい。

Question 2 （science and technology questions that test theoretical thinking skills）

There are various opinions on the possibilities and issues surrounding artificial intelligence. Read the following articles and summarize the argument of each position. Then, argue for your own point of view on the matter.

記事 1／Article 1

Wagner, Kurt. "Elon Musk just told a group of America's governors that we need to regulate AI before it's too late." recode. <https://www.recode.net/2017/7/15/15976744/elon-musk-artificial-intelligence-regulations-ai> (Published on: Jul. 15, 2017, accessed Sep. 21, 2017)

【引用文は省略】

記事 2／Article 2

Ryan, Kevin J. "Mark Zuckerberg Thinks Elon Musk's Views on Artificial Intelligence Are 'Pretty Irresponsible'." Inc. <https://www.inc.com/kevin-j-ryan/mark-zuckerberg-disagrees-with-elon-musk-on-artificial-intelligence.html> (Published on: Jul. 24, 2017, accessed Sep. 21, 2017)
